A. Class conflict
B. Anomie
C. Capitalism
D. Bureaucracy

7. Positivism was developed by:
A. Karl Marx
B. Auguste Comte
C. Max Weber
D. Rousseau

8. Which sociologist proposed the Law of Three Stages?
A. Max Weber
B. Karl Marx
C. Herbert Spencer
D. Auguste Comte

9. Who divided sociology into Systematic, Historical and General Sociology?
A. Karl Mannheim
B. Max Weber
C. Herbert Spencer
D. Durkheim

10. Who is associated with the Formalistic School?
A. Georg Simmel
B. Karl Mannheim
C. Morris Ginsberg
D. P A Sorokin

11. Who explained the characteristics of sociology in 'The Social Order'?
A. Karl Marx
B. Robert Bierstedt
C. Max Weber
D. Auguste Comte

12. Gemeinschaft and Gesellschaft were introduced by:
A. Max Weber
B. Ferdinand Tönnies
C. Georg Simmel
D. Karl Mannheim

13. The sociologist who explained the concept of division of labour in modern society is:
A. Karl Marx
B. Max Weber
C. Emile Durkheim
D. Saint-Simon

14. The sociologist who analyzed social stratification in terms of class, status, and power is:
A. Emile Durkheim
B. Max Weber
C. Auguste Comte
D. Herbert Spencer

15. Who is considered the Father of Rural Sociology?
A. Talcott Parsons
B. Ferdinand Tönnies
C. Louis F. Ward
D. Robert F. Dubbin

16. Who introduced the concept of the 'Sick Role'?
A. Louis F. Ward
B. Talcott Parsons
C. Ferdinand Tönnies
D. Friedrich Engels

A. John Locke
B. Rousseau
C. Montesquieu
D. Comte

29. The Industrial Revolution first occurred in:
A. France
B. Germany
C. United Kingdom
D. USA

30. In which century did the Industrial Revolution begin?
A. 16th Century
B. 17th Century
C. 18th Century
D. 19th Century

31. What is the shift from an agrarian society to an industrial society called?
A. Urbanization
B. Migration
C. Industrialization
D. Globalization

32. Rapid growth of cities during industrialization is known as:
A. Industrialization
B. Urbanization
C. Globalization
D. Modernization

33. Urbanisation means:
A. Growth of villages
B. Movement from cities to villages
C. Movement from rural to urban areas
D. Decline of industries

34. The French Revolution promoted:
A. Feudalism
B. Slavery
C. Liberty, Equality, Fraternity
D. Monarchy

35. Which revolution promoted the ideals of Liberty, Equality, and Fraternity?
A. American Revolution
B. Russian Revolution
C. Industrial Revolution
D. French Revolution

36. The major political event that influenced the emergence of sociology was the _____
A. American Revolution
B. Russian Revolution
C. French Revolution
D. Industrial Revolution

37. The social system that existed in France before the Revolution was called:
A. Capitalism
B. Socialism
C. Democracy
D. Feudalism

38. The social structure of pre-revolutionary France was known as the _____ system.
A. Class
B. Caste
C. Estate
D. Bureaucratic

39. According to Karl Marx, the working class is called:
A. Bourgeoisie
B. Aristocracy
C. Clergy
D. Proletariat

40. The book written by Friedrich Engels about workers in England is:
A. The Communist Manifesto
B. Das Kapital
C. The Condition of the Working Class in
D. The German Ideology

41. Sociology is:
A. Physical science
B. Biological science
C. Social science
D. Natural science

42. Sociology is a _____ science.
A. Normative
B. Categorical
C. Religious
D. Moral

43. Sociology studies:
A. Only individuals
B. Only groups
C. Society as a whole
D. Only economy

44. Sociology is both:
A. Emotional and religious
B. Rational and empirical
C. Moral and ethical
D. Philosophical and religious

45. Formalistic school believes that sociology has:
A. Wide scope
B. Limited scope
C. No scope
D. Infinite scope

46. Synthetic school believes sociology is:
A. Limited science
B. General science
C. Physical science
D. Experimental science

47. Social morphology studies:
A. Social problems
B. Population and structure
C. Social control
D. Social behaviour

48. Sociology helps in:
A. Ignoring problems
B. Solving social problems
C. Creating conflicts
D. Avoiding society

49. Sociology uses which method for study?
A. Religious method
B. Scientific method
C. Mythological method
D. Philosophical guessing

50. Observation in sociology means:
A. Random watching
B. Scientific and systematic watching
C. Guessing facts
D. Imagining reality

51. Experimental method in sociology is:
A. Always easy
B. Impossible
C. Difficult to apply strictly
D. Not used

52. Sociology is considered a general science because it studies:
A. Only economy
B. Only politics
C. Society as a whole
D. Only culture

53. Alfred Vierkandt belonged to the:
A. Synthetic School
B. Historical School
C. Specialistic (Formalistic) School
D. Positivist School

54. Medical Sociology primarily studies:
A. Workplaces and industries
B. Health, illness, and healthcare
C. Village life and agriculture
D. Urban development

55. Industrial Sociology originated in:
A. USA
B. India
C. Europe
D. Japan

56. Which of the following is NOT an area of Industrial Sociology?
A. Industrial organization and structure
B. Social impact of industrialization
C. Rural community life
D. Conflict and cooperation

57. The study of how social factors like poverty, stress, and environment affect health is
A. Industrial Sociology
B. Rural Sociology
C. Medical Sociology
D. Urban Sociology

58. Sociological techniques include all of the following EXCEPT:
A. Sociogram
B. Sociometry
C. Social Survey
D. Laboratory Experiment

59. Sociology promotes the welfare of marginalized groups such as _____ communities.
A. Industrial
B. Urban
C. Tribal
D. Corporate

D. Emotional intelligence

77. Coffee drinking is an example used to explain:
A. Biological behaviour
B. Economic crisis
C. Everyday social practices
D. Political movements

78. The connection between biography and history means:
A. Life is independent of society
B. Individual life is shaped by historical forces
C. History is irrelevant
D. Society does not change

79. Lack of sociological imagination leads to:
A. Better understanding
B. Awareness of society
C. Feeling of being trapped
D. Social reforms

80. Sociology of everyday life focuses mainly on:
A. Ancient societies
B. Routine daily activities and interactions
C. Political systems only
D. Economic policies only

81. Common sense knowledge is generally:
A. Systematic and scientific
B. Based on experiments
C. Based on everyday experience and beliefs
D. Always accurate

82. Sociology differs from common sense because it is:
A. Subjective
B. Scientific and systematic
C. Based on tradition
D. Informal

83. Max Weber is mainly associated with which type of sociology?
A. Positivist sociology
B. Interpretative sociology
C. Critical sociology
D. Functional sociology

84. The German term 'Verstehen' means:
A. Measurement
B. Observation
C. Empathetic understanding
D. Explanation

85. What does the term 're' mean in research?
A. New
B. Again
C. Deep
D. Method

86. Research is best defined as:
A. Guessing about facts
B. Casual observation
C. Systematic and scientific enquiry
D. Personal opinion

87. Sociological research mainly studies:
A. Natural phenomena
B. Human social behaviour and society
C. Physical laws
D. Biological systems

88. Which is NOT a characteristic of sociological research?
A. Objectivity
B. Empirical basis
C. Personal bias
D. Verifiability

89. Pure research mainly aims at:
A. Immediate problem-solving
B. Profit-making
C. Knowledge creation
D. Social control

90. Qualitative research deals with:
A. Numbers
B. Measurements
C. Qualities and experiences
D. Statistics only

91. The first step in the research process is:
A. Data collection
B. Hypothesis formulation
C. Identification of research problem
D. Reporting

92. A hypothesis is:
A. Final result
B. Proven fact
C. Tentative statement
D. Random guess

93. The final step in the research process is:
A. Hypothesis
B. Data collection
C. Reporting
D. Analysis

94. Ethics refers to:
A. Scientific tools
B. Moral principles guiding behaviour
C. Data collection methods
D. Statistical analysis

95. Which of the following is an unethical practice?
A. Informed consent
B. Confidentiality
C. Fabrication of data
D. Proper identification

96. Anonymity refers to:
A. Revealing identity
B. Hiding identity of participants
C. Sharing data publicly
D. Ignoring privacy

97. Plagiarism means:
A. Creating new ideas
B. Copying others' work without credit
C. Conducting surveys
D. Analyzing data

98. Who develops research ethics?
A. Single researcher
B. Participants
C. Institutions and committees
D. Media

99. Micro-sociology studies individual behaviour in:
A. Isolation
B. Large groups only
C. Social interaction
D. Political systems

100. Which of the following is a key feature of Micro Sociology?
A. Study of large populations
B. Focus on institutions
C. Focus on small-scale interactions
D. Use of only statistical data

101. The word 'micro' means:
A. Large
B. Complex
C. Small
D. Universal

102. The term 'level of analysis' in sociology refers to:
A. Type of research method
B. Scale or scope of study
C. Nature of data collection
D. Type of society

103. Who is regarded as the founder of symbolic interactionism?
A. Herbert Blumer
B. George Herbert Mead
C. Harold Garfinkel
D. Alfred Schutz

104. Symbolic Interactionism mainly focuses on:
A. Large-scale social structures
B. Economic systems
C. Daily interactions and meanings
D. Political institutions

105. Who is the founder of Ethnomethodology?
A. George C. Homans
B. Harold Garfinkel
C. Alfred Schutz
D. Herbert Blumer

106. Who developed Exchange Theory?
A. Harold Garfinkel
B. George C. Homans
C. Alfred Schutz
D. Charles Horton Cooley

107. The type of cooperation occurs when people perform different task to achieve a common goal, it is termed as
A. ……?
B. Indirect cooperation
C. Primary cooperation
D. Direct cooperation

108. Which type of cooperative behaviour exist in business organization, churches and government agencies?
A. Secondary cooperation
B. Tertiary cooperation
C. Direct cooperation
D. Primary cooperation

109. The division of labour and specialization serves as the foundation for ……. cooperation.
A. Indirect cooperation
B. Tertiary cooperation
C. Direct cooperation
D. Primary cooperation

110. Which type of cooperation is seen in groups like family or friendship groups?
A. Primary cooperation
B. Indirect cooperation
C. Secondary cooperation
D. Direct cooperation

111. Opportunistic attitudes is one of the characteristics of ……. Cooperation
A. Tertiary co-operation
B. Indirect cooperation
C. Secondary cooperation
D. All of the above

112. Who defined "Competition is an interaction without social contact"?
A. Park and Burgess
B. Bogardus
C. Green
D. Horton and Hunt

113. Which of the following is not a characteristics of competition?
A. Competition is endless
B. Competition is static
C. Competition causes social change
D. competition is sub/conscious process

114. Which of the following is an example of economic competition?
A. Individual fight for jobs
B. people struggle for political power
C. Cultural groups preserving traditions
D. Political parties competing for votes

115. Which of the following is not a positive function of competition?
A. Proper positioning of people
B. Sources of motivation
C. Fostering progress
D. It leads to monopoly

116. Who defined "Conflict as 'the deliberate attempt to oppose, resist or coerce the will of another or others"?
A. W. Green
B. Bogardus
C. Anderson and Parker
D. Gist NP

117. Which of the following sociologists considered human history as the history of class struggle?
A. Karl Marx
B. W Green
C. CH Cooley
D. Gillin and Gillin

118. Which of the following is not a type of conflict mentioned by George Simmel?
A. War
B. Feud conflict
C. Litigation
D. Personal Conflict

119. Which of the following is a type of conflict mentioned by Gillin and Gillin?
A. Litigation
B. Class conflict
C. War
D. Factional conflict

120. ……. continuous adjustments that humans have to make to adapt to each other and to cope with
A. situations
B. Accommodation
C. Assimilation
D. Competition

121. "Accommodation is the adjustment of hostile individuals or groups", defined by?
A. Ogburn and Nimkoff
B. Anderson and Parker
C. Lundberg
D. MacIver

122. Which of the following is not a method of accommodation?
A. Tolerance
B. Compromise
C. Conflict
D. Conversion

123. The process of adjusting or compromising after a conflict is known as:
A. Competition
B. Accommodation
C. Cooperation
D. Opposition

124. Which type of social interaction involves rivalry for scarce resources?
A. Cooperation
B. Competition
C. Accommodation
D. Assimilation

125. When a minority group gradually adopts the culture of the dominant group, it is termed as
A. Assimilation
B. Cooperation
C. Conflict
D. Accommodation

126. Which type of interaction refers to the deliberate attempt to oppose, resist, or coerce the will of another or others often involving violence or threats?
A. Cooperation
B. Competition
C. Accommodation
D. Conflict

Source-format repair: the closing phrase was part of the stem; option A is restored as Cooperation to complete the four interaction types.

127. The process by which one culture is absorbed and integrated into another is called
A. Assimilation
B. Cooperation
C. Accommodation
D. All of the above

128. Which of the following is not a characteristic of assimilation?
A. Assimilation is not restricted to one area
B. Assimilation is very fast process
C. Assimilation is unconscious
D. Assimilation is mutual

129. The term "Accommodation" was first used in this sense by which psychologist?
A. J. M. Baldwin
B. MacIver
C. Lundberg
D. C. H. Cooley

130. Which of the following is not a characteristics of social group?
A. we feeling
B. Common interests
C. Different interests
D. Groups are dynamics

131. George Simmel classified social groups into ……
A. Small groups and large groups
B. Voluntary and Involuntary groups
C. Primary and secondary groups
D. Vertical and Horizontal groups

132. Which of the following not a social groups classified by Sanderson?
A. Involuntary groups
B. Voluntary groups
C. Delegated groups
D. Vertical groups

133. Who introduced the concept of primary groups?
A. CH Cooley
B. W Green
C. Lundberg
D. Nimkoff

134. Find out an example for primary group
A. Family
B. Factories
C. Labour Union
D. National political party

135. Which of the following book written by CH Cooley?
A. Social organization: Human nature and social order
B. Psychology of human society
C. Folkways
D. An outline of social psychology

136. Which of the following is a characteristics of secondary groups?
A. Sense of belonging
B. Emotional attachments
C. Impersonal relationship
D. Cooperation

137. The book 'Folkways' written by
A. WG Sumner
B. CH Cooley
C. Muzafer Sherif
D. MacIver

138. Pitirim Sorokin classified social group into
A. Horizontal and vertical groups
B. Primary and Secondary groups
C. Organized and Unorganized groups
D. Voluntary and Involuntary groups

139. A person becomes a member of a group based on his own will, it refers to
A. Voluntary group
B. In group
C. Primary Group
D. All of the above

140. Delegated groups refers to
A. A group of individual only as representative of others
B. A group formed on the basis of intimacy level
C. Member of a group on the basis of his own will
D. A group formed on the basis of incidental interactions

141. The …….. is primarily used for explain the members who are alike in their status or positions in the society.
A. Horizontal group
B. Out groups
C. Unorganized groups
D. Vertical group

142. Which of the following is a groups depicts the interactions of members with a sense of unity and support?
A. In groups
B. Out groups
C. Unorganized groups
D. Ephemeral groups

143. Find out an example for Horizontal groups
A. Occupational groups
B. Family
C. Social classes
D. Bureaucracy

144. ……. are temporary groups formed through short-term or incidental interactions
A. Ephemeral group
B. In group
C. Involuntary group
D. Enduring group

145. The term 'reference group' introduced by?
A. Muzafer Sherif
B. WG Sumner
C. CH Cooley
D. MacIver

146. The book 'An Outline of Social Psychology' written by?
A. Muzafer Sherif
B. WG Sumner
C. MacIver
D. Bogardus

147. Ferdinand Tonnies classified social groups into ……..?
A. Gemeinschaft and Gesellschaft
B. Genetic and Congregate groups
C. Natural and Formed groups
D. Voluntary and Involuntary groups

148. Find out an example for congregate groups
A. Family
B. Religious group
C. Caste
D. Political Party

149. Find out an example for secondary socialization
A. Family
B. Peer groups and school
C. Religious institutions only
D. All of the above

150. Anticipatory socialization refers to
A. Learning to human behaviour
B. Preparation for future roles
C. Learning through education only
D. All of the above

151. The term anticipatory socialization developed by
A. Robert K Merton
B. Kimball Young
C. Bogardus
D. Anthony Giddens

152. ……. is a change of behaviour process where one gives up the old behaviour patterns and social roles to
A. take up the new ones.
B. Re-socialization
C. Anticipatory socialization
D. Primary socialization

153. It is the process where individuals acquire gender roles and expectations that are socially constructed.
A. Gender socialization
B. Developmental socialization
C. Resocialization
D. Anticipatory socialization

154. Who defined "Socialization is a process through which social nature of human is formed from natural human
A. nature, and an individual turns into a person."?
B. H. T. Majumdar
C. Macionis.JJ
D. Peter Worsley

155. The primary agents of early socialization?
A. Peer group
B. Family
C. Media
D. Religion

156. Which of the following is considered an formal agent of socialization?
A. School
B. Family
C. Peer group
D. Mass media

157. Which of the following is considered an informal agent of socialization?
A. School
B. Media
C. Workplace
D. Government

158. The process by which individuals learn ideas, values and norms through mass communication is called:
A. Anticipatory socialization
B. Secondary socialization
C. Media socialization
D. Resocialization

159. It is an organized part of the personality structure and which organize our thoughts as well as makes a sense of the
A. reality around us.
B. Ego
C. Id
D. Super ego

160. The ……. is mainly a logical and conscious part of the mind
A. Ego
B. Super ego
C. Id
D. Sublimation

161. Which structure of the personality operated on the morality principle
A. Super ego
B. Id
C. Rationalization
D. Ego

162. According to the Freud, which of the following is a primary stage of personality development?
A. Anal Stage
B. Phallic Stage
C. Oral Stage
D. Genital stage

163. What is the approximate age range for the Anal Stage of psychosexual development?
A. Birth to 1 year
B. 3 to 6 years
C. 1 to 3 years
D. 2 to 4 years

164. The conflict that arises in the Phallic Stage, where a boy develops sexual desires for his mother and views his
A. father as a rival, is known as the……
B. Oedipus complex
C. Regression
D. Moral anxiety

165. A female child could develop that love for the father and the jealousy against the mother, considering the latter to
A. be a rival. It is known as ……..
B. Electra complex
C. Realistic anxiety
D. Oedipus complex

166. According to Freud, Which of the following stage is characterised that a people develop skills, values and
A. relationship with peers and adults outside the family
B. Latent stage
C. Phallic stage
D. Genital stage

167. Which of the following sociologists suggest that self is not inborn but rather it comes from social experience or
A. continuous interaction with other people
B. GH Mead
C. Jean Piaget
D. Sigmund Freud

168. According to GH mead, the self as comprising two inter related elements, that are ……..
A. I and Me
B. Oedipus and Electra complex
C. You and Me
D. Emotion and Cognition

169. According to Mead, which of the following is an first stage of socialization?
A. Oral stage
B. Imitation
C. Game stage
D. Genital stage

170. Which of the following is not a stage of socialization proposed by GH Mead?
A. Imitation
B. Play stage
C. Game stage
D. Genital stage

171. Theory of cognitive development proposed by?
A. Jean Piaget
B. GH Mead
C. Sigmund Freud
D. Skinner

172. Which of the following theorist proposed that ability of children learning is limited and influenced by their stage of
A. cognitive neutrality?
B. Jean Piaget
C. Sigmund Freud
D. Albert Bandura

173. According to Piaget, which of the following is a primary stage of socialization?
A. Sensorimotor stage
B. Preoperational stage
C. Concrete operational stage
D. Formal operational stage

174. The word "society" is derived from which Latin word?
A. Socialis
B. Socius
C. Societas
D. Socio

175. According to R. M. MacIver, society is best described as:
A. A group of individuals
